

AGENT KATSUDON
BERLIN

Piccadilly Car #31 was used twice for covert activities. This particular car was chosen because it has a non-functioning rear door due to an earlier incident.

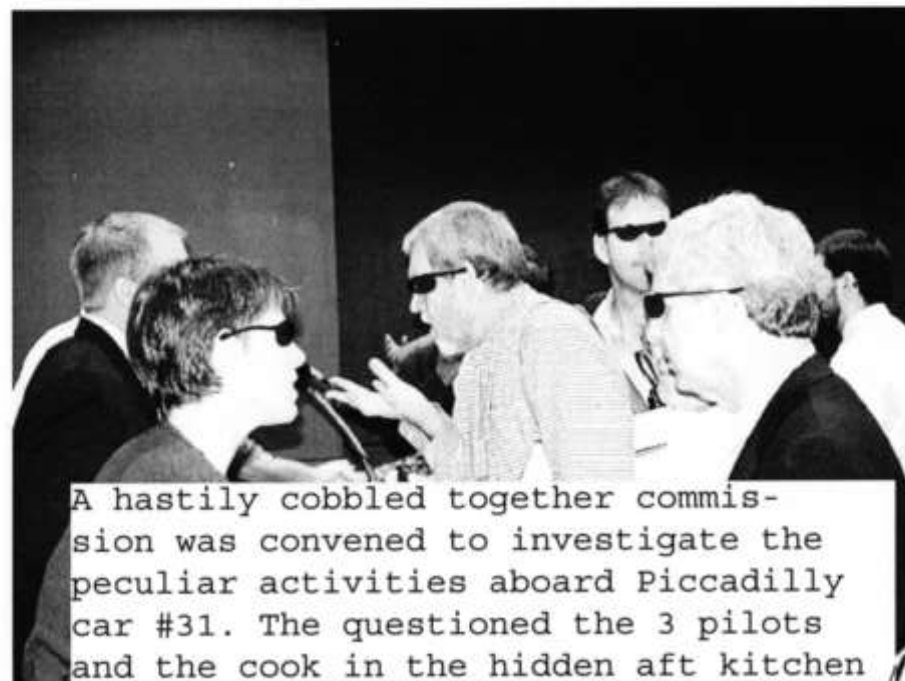

This pilot was innocent and quickly released.

Three of these pilots were questioned in relation to the earlier incident aboard Piccadilly car #31. It was thought they might have damaged the rear door for future clandestine purposes.

ice
breaker →

The icebreaker SS Roald Amundsen was also used as covert radio boat. It also has a hidden aft kitchen for some reason

A hastily cobbled together commission was convened to investigate the peculiar activities aboard Piccadilly car #31. The questioned the 3 pilots and the cook in the hidden aft kitchen aboard the SS Roald Amundsen.

← radio operator

Meanwhile back in New York City....

A lone radio operator is trying to get a message through using an old TASCAM 800 reverse-sideways wired as a transmitter.

An Alaskan reserves airlines radio operator intercepts the NYC message and sends it to the C.R.A.P members (right)

The lone radio operator used this ① train as a roving radio platform to avoid FCC detection. Sometimes he transfers over to the ② or the ③ if it gets too crowded.

The Committee for Republican Agenda Projects (C.R.A.P.) ← Received the intercepted message but lost their decoder key.

The radio operator (below) will order a speciality coded list of menu items as a way of sending a message if his radio can't find a signal.

coffee, biscuits and gravy, miller beer and a stoli bloody mary in code means: "SEND HELP"

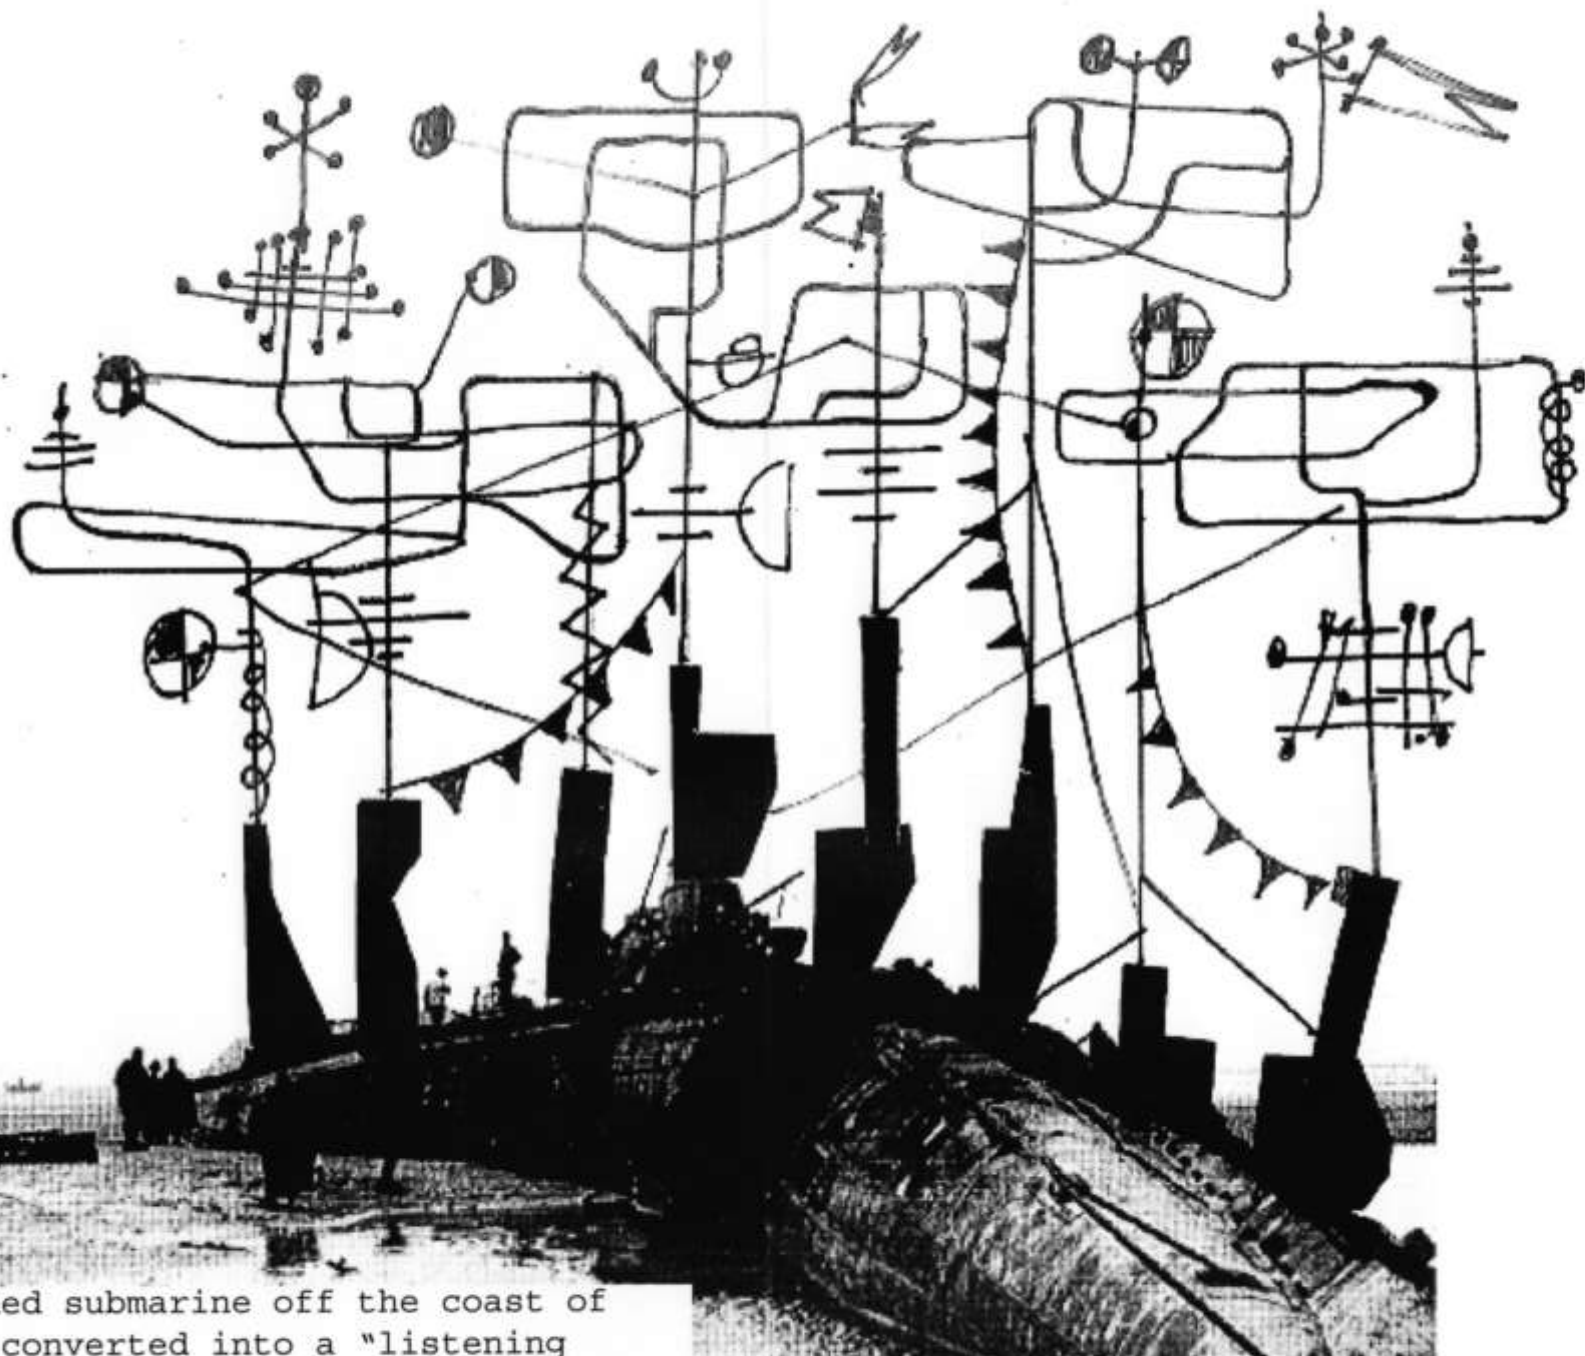

^{CONTINGENT}
The ASTON VILLA ~~group~~ is responsible for extricating the radio operator and replacing him with a bicycle messenger disguised as a racer

FAST BUT LAST

Bicycle messenger disguised as a Bicycle racer. His Finishing place in the race Indicates a dead drop location.

This is a beached submarine off the coast of Brittany being converted into a "listening Post" It's capable of hearing conversations as far away as Cape Town or Anchorage. If it had to

For some reason.....

One of the conversations that just happened to be overheard by the submarine listening post was a group of seemingly normal businessmen transmitting a message to a radio operator on Piccadilly #31

This is a Surveillance image taken during the time the ~~MESSAGE~~ ^{MESSAGE} WAS SENT

The message was relayed to Mr. Fernand BRUNEL on this Paris Metro

Mr. BRUNEL then relayed the message onto his information specialists in Barcelona.

nuts

Several hard facts are known about the Chef deCuisine...He always carries a pair of wire cutters, a crystal radio that receives WBZ

and for some completely bizarre reason always orders an absolutely enormous beer and a smaller glass for actual drinking. This photo was covertly taken while the Chef de Cuisine temporarily indisposed. A coded SMS message barely readable on the cell phone screen was sent to an expert Special 1st class de-coder who is good at these kinds of things.....He seemed to think the message was sent from a safe house in Los Angeles CA. Possibly from agent "Vodcula" More on this later....

Special 1st class SMS de-coder

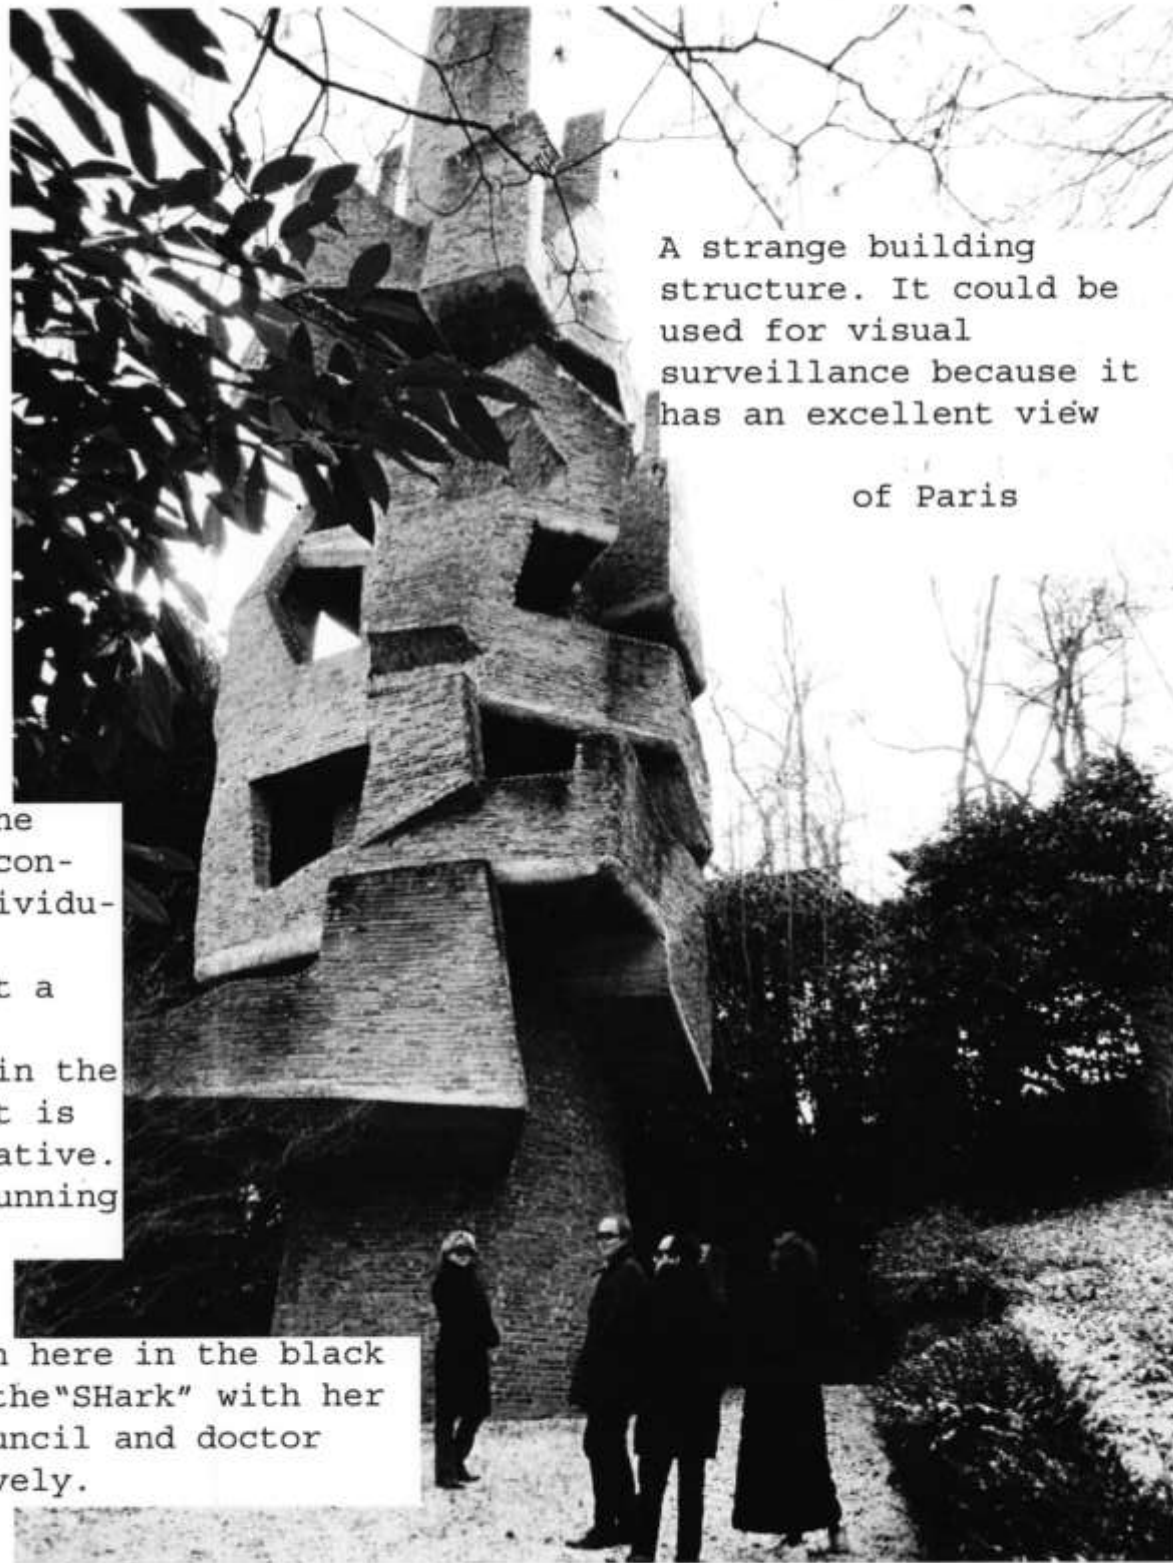

After having a beer the Chef de Cuisine made contact with several individuals in South east Paris at a mysterious building structure. The woman in the long coat quilted coat is clearly a covert operative. You can tell by her running shoes.

running shoes

Also seen here in the black coat is the "SHark" with her chief council and doctor respectively.

A strange building structure. It could be used for visual surveillance because it has an excellent view

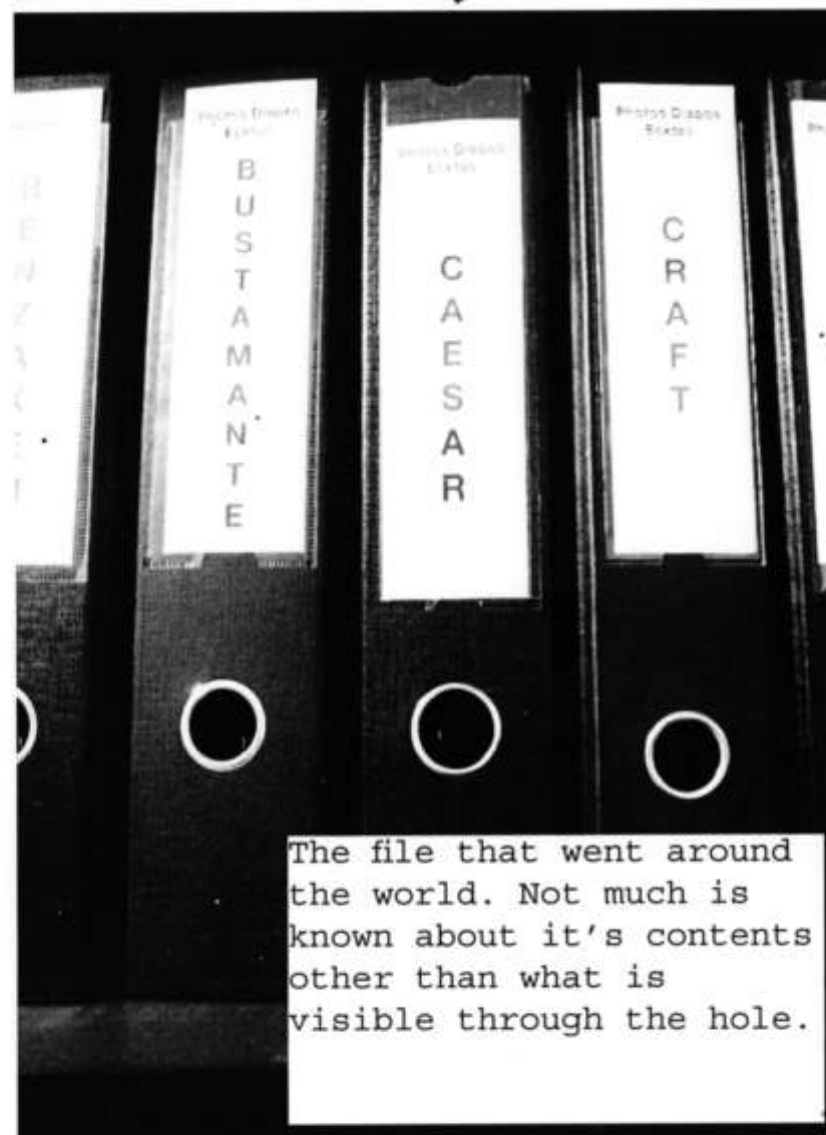

of Paris

ALThOUGH not directly involved in the CAESAR FILE debacle. the woman in the leopard print jacket is a suspected subversive

Paris is a strange and wonderful place where you only go if you ABSOLUTELY have to. Every inter-agent interaction could carry multiple double and triple layers of complex hidden meanings and incinuos. The Chef de Cuisine skillfully navigated these waters during the CAESAR FILE debacle in 1993. He is pictured here sitting on the bench where the case came to a dramatic ending

The file that went around the world. Not much is known about it's contents other than what is visible through the hole.

This is the safe house where the Chef de Cuisine stayed during the CAESAR FILE debacle. he used it well.

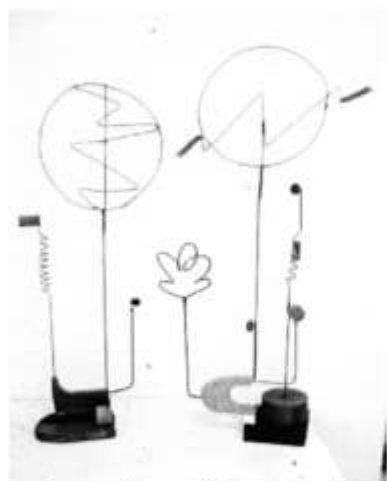

100% pure sodium pentathol disguised as vodka.

Pictured here are two of the MOST WANTED covert agents operating in the international theater today. Madame "CHOCOLATE" and Monsieur "BANANA".

Whats appears is hardly what it seems most of the time. A radio cake. Banana telephone. Plutonium disguised as dark, milk and white chocolate. these are very clever people. Especially the madam.

A pair of wireless radio sets similar to the kind used by covert operatives

One of the many unsuccessful counter espionage agents who tried in vain to eradicate the Chef de Cuisine

The address listed to the left has been used several times as an exchange point for agents and their handlers to privately pass documents and information. It appears to be a kind of swarthy residence for artists and creative types. It has movable walls and a not-so-carefully hidden audio transmission cul-de-sac-loft.

similar to the radio operators breakfast, This carefully selected group of objects communicated a coded message about ongoing actions

The Chef de Cuisine. Location unknown in the city of Manhattan.

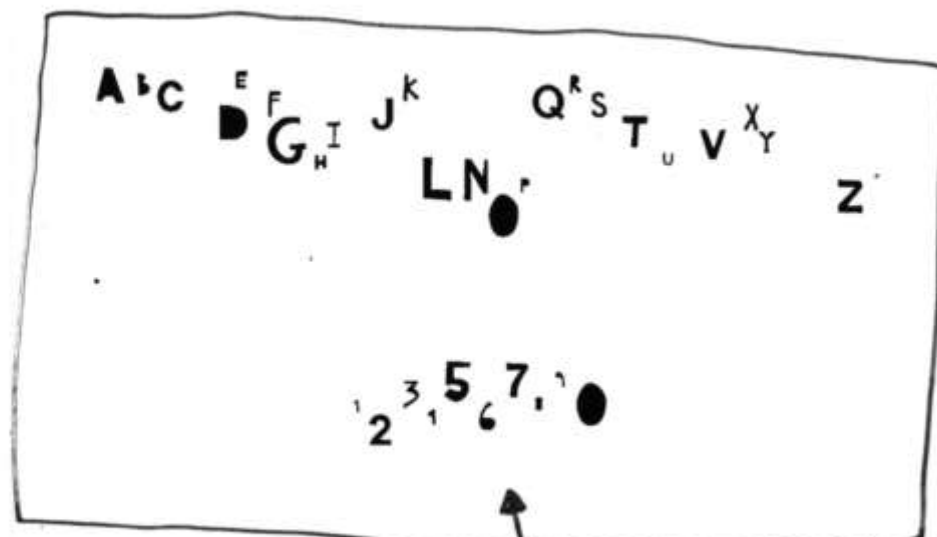

This automobile is a standard issue getaway car. It's usually garaged in an undisclosed South Brooklyn location.

This airplane was spotted during a difficult circumnavigation of Heathrow airport.

It's significance is unknown which is puzzling.

??

Made visible here (above) for the first time is the much sought after key to the

Cherry Ripe numbers station radio code which can be heard on most short wave radios/ Each letter of the alphabet is set in a different type and size for maximum confusion with the minimum number of moves. When listening on the radio an agent hears a womans soothing voice reading groups of numbers set to Hong Kong pop music. Using a One-Time pad made out of self-dissolving paper the agent can use the key to make sense of the mixed-up numerical message.

The discovery of this key aided the planners of the July 4th insurrection. Unfortunately it was leaked to the public during an interdepartmental flap.

Agent SPARKS is a graphic arts specialist and is rarely seen in public. She specializes in fabricating dead-drop canisters, field copy stands, and has created a unique system of sending coded messages via hand signals and animal drawings.

animals

Agent SPARKS sent a hand signal message to Special Agent AHOGADAS in Tlaquepaque....

he was asked to send a surrogate to plant a dead drop in Zapopan MX....

M. BANANA's telecom rang twice....

The Chef de Cuisine crossed 23rd st. near the Chelsea Hotel which signaled the BOBCAT to pick up a parcel wrapped in brown paper from a seemingly innocuous wrap joint in Zurich.

WRAPS n' MORE

This "listening" device was discovered disguised as a bathroom scent dispenser

It's origin was traced back to this house-boat in South Brooklyn. It was abandoned at the time....

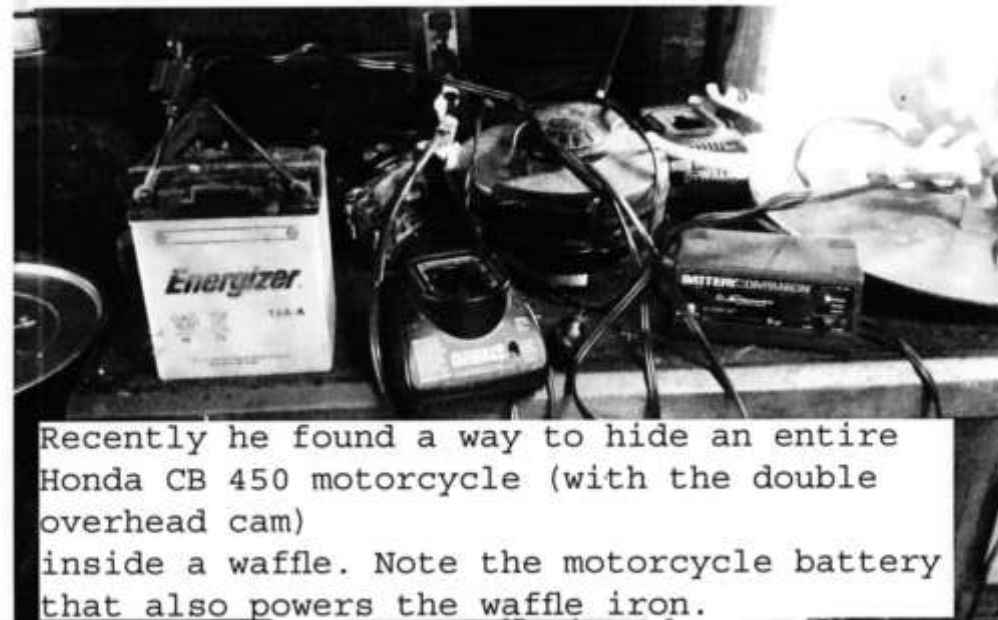

Counter espionage agents were then tipped off on a special ops tech working in Chicago.

When they gained access to the Technician's house they realized they were standing in the "kitchen" belonging to MR BERNARD!!!!

MR BERNARD is an associate of THE SICILIAN and he specializes in hiding just about anything inside everything.

Recently he found a way to hide an entire Honda CB 450 motorcycle (with the double overhead cam) inside a waffle. Note the motorcycle battery that also powers the waffle iron.

The Chef de Cuisine left an old bicycle near the door on 18th street to warn the BOBCAT

18th street location

Meanwhile, The "Chef de Cuisine" was attempting to make signal the "BOBCAT" to warn her the THE ALBATROSS was planning an intervention of sorts. The Chef de Cuisine left a note at a seemingly abandoned store front on 18th street near the corner of 10th ave.

While en route from Shanghai to NYC the Chef de Cuisine's special pilots suitcase was "diverted" at O'Hare airport in Chicago.

The special pilots suitcase that was "diverted" in Chicago.

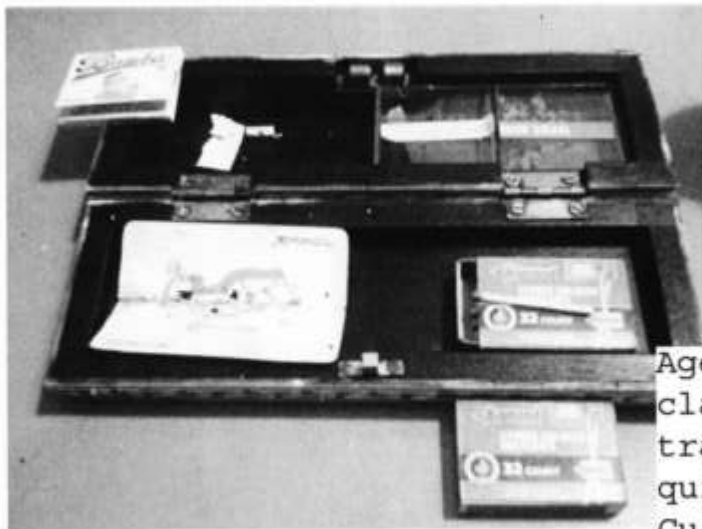

The special pilots suit case was diverted all the way back to the wrap joint in ZURICH

When it arrived Special Agent YENI RAKI quickly assembled a careful arrangement of bottled items to send a message

This one was later translated to mean "SCREENER"

Agent YENI RAKI opened up his clandestine SVR radio transmitter and fired off six (6) quick messages to the Chef de Cuisine.

The Chef de Cuisine received the messages on his SCR-504 receiver while he was checking out a new house boat

after reading the messages The Chef de Cuisine traveled to Naploli and then Firenze.

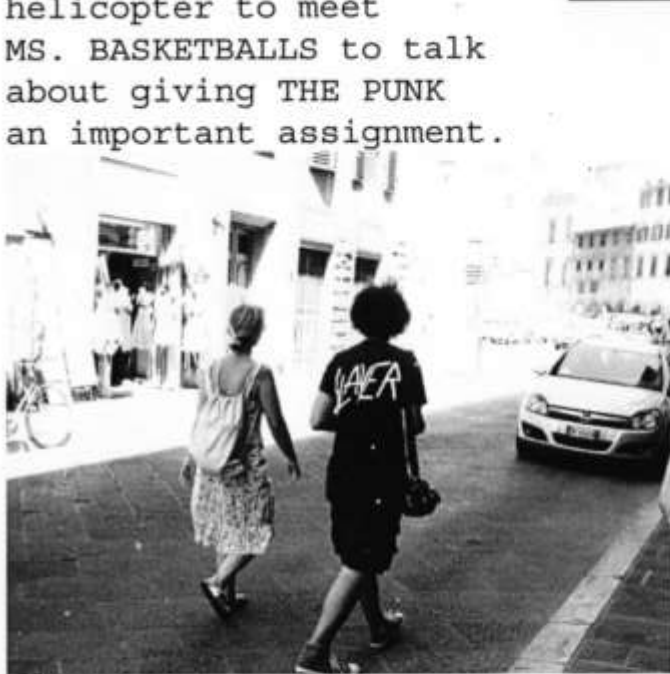

While in Firenze he happened to make eye contact with a new agent called THE PUNK. He was with actors posing as his parents.

The Chef de Cuisine
traveled on his personal
helicopter to meet
MS. BASKETBALLS to talk
about giving THE PUNK
an important assignment.

FAKE
STASH

THE PUNK

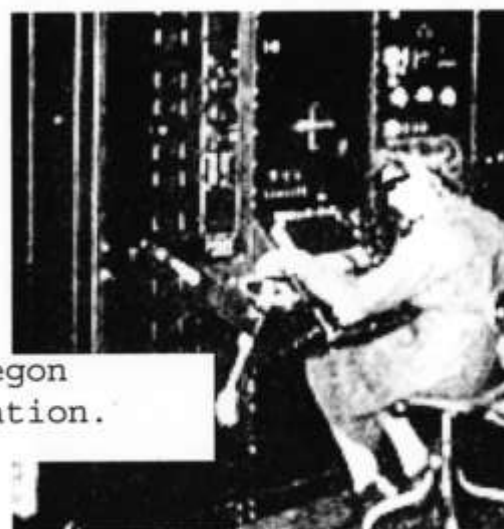

PERU

The Chef de Cuisine's special pilots suitcase was finally located in Peru. Everything was still inside but it had to be thoroughly scanned and swabbed for listening devices. The Chef de Cuisine simply used the ZONNAR F2 de-bugging equipment pictured below. It's fairly simple to learn how to use it.

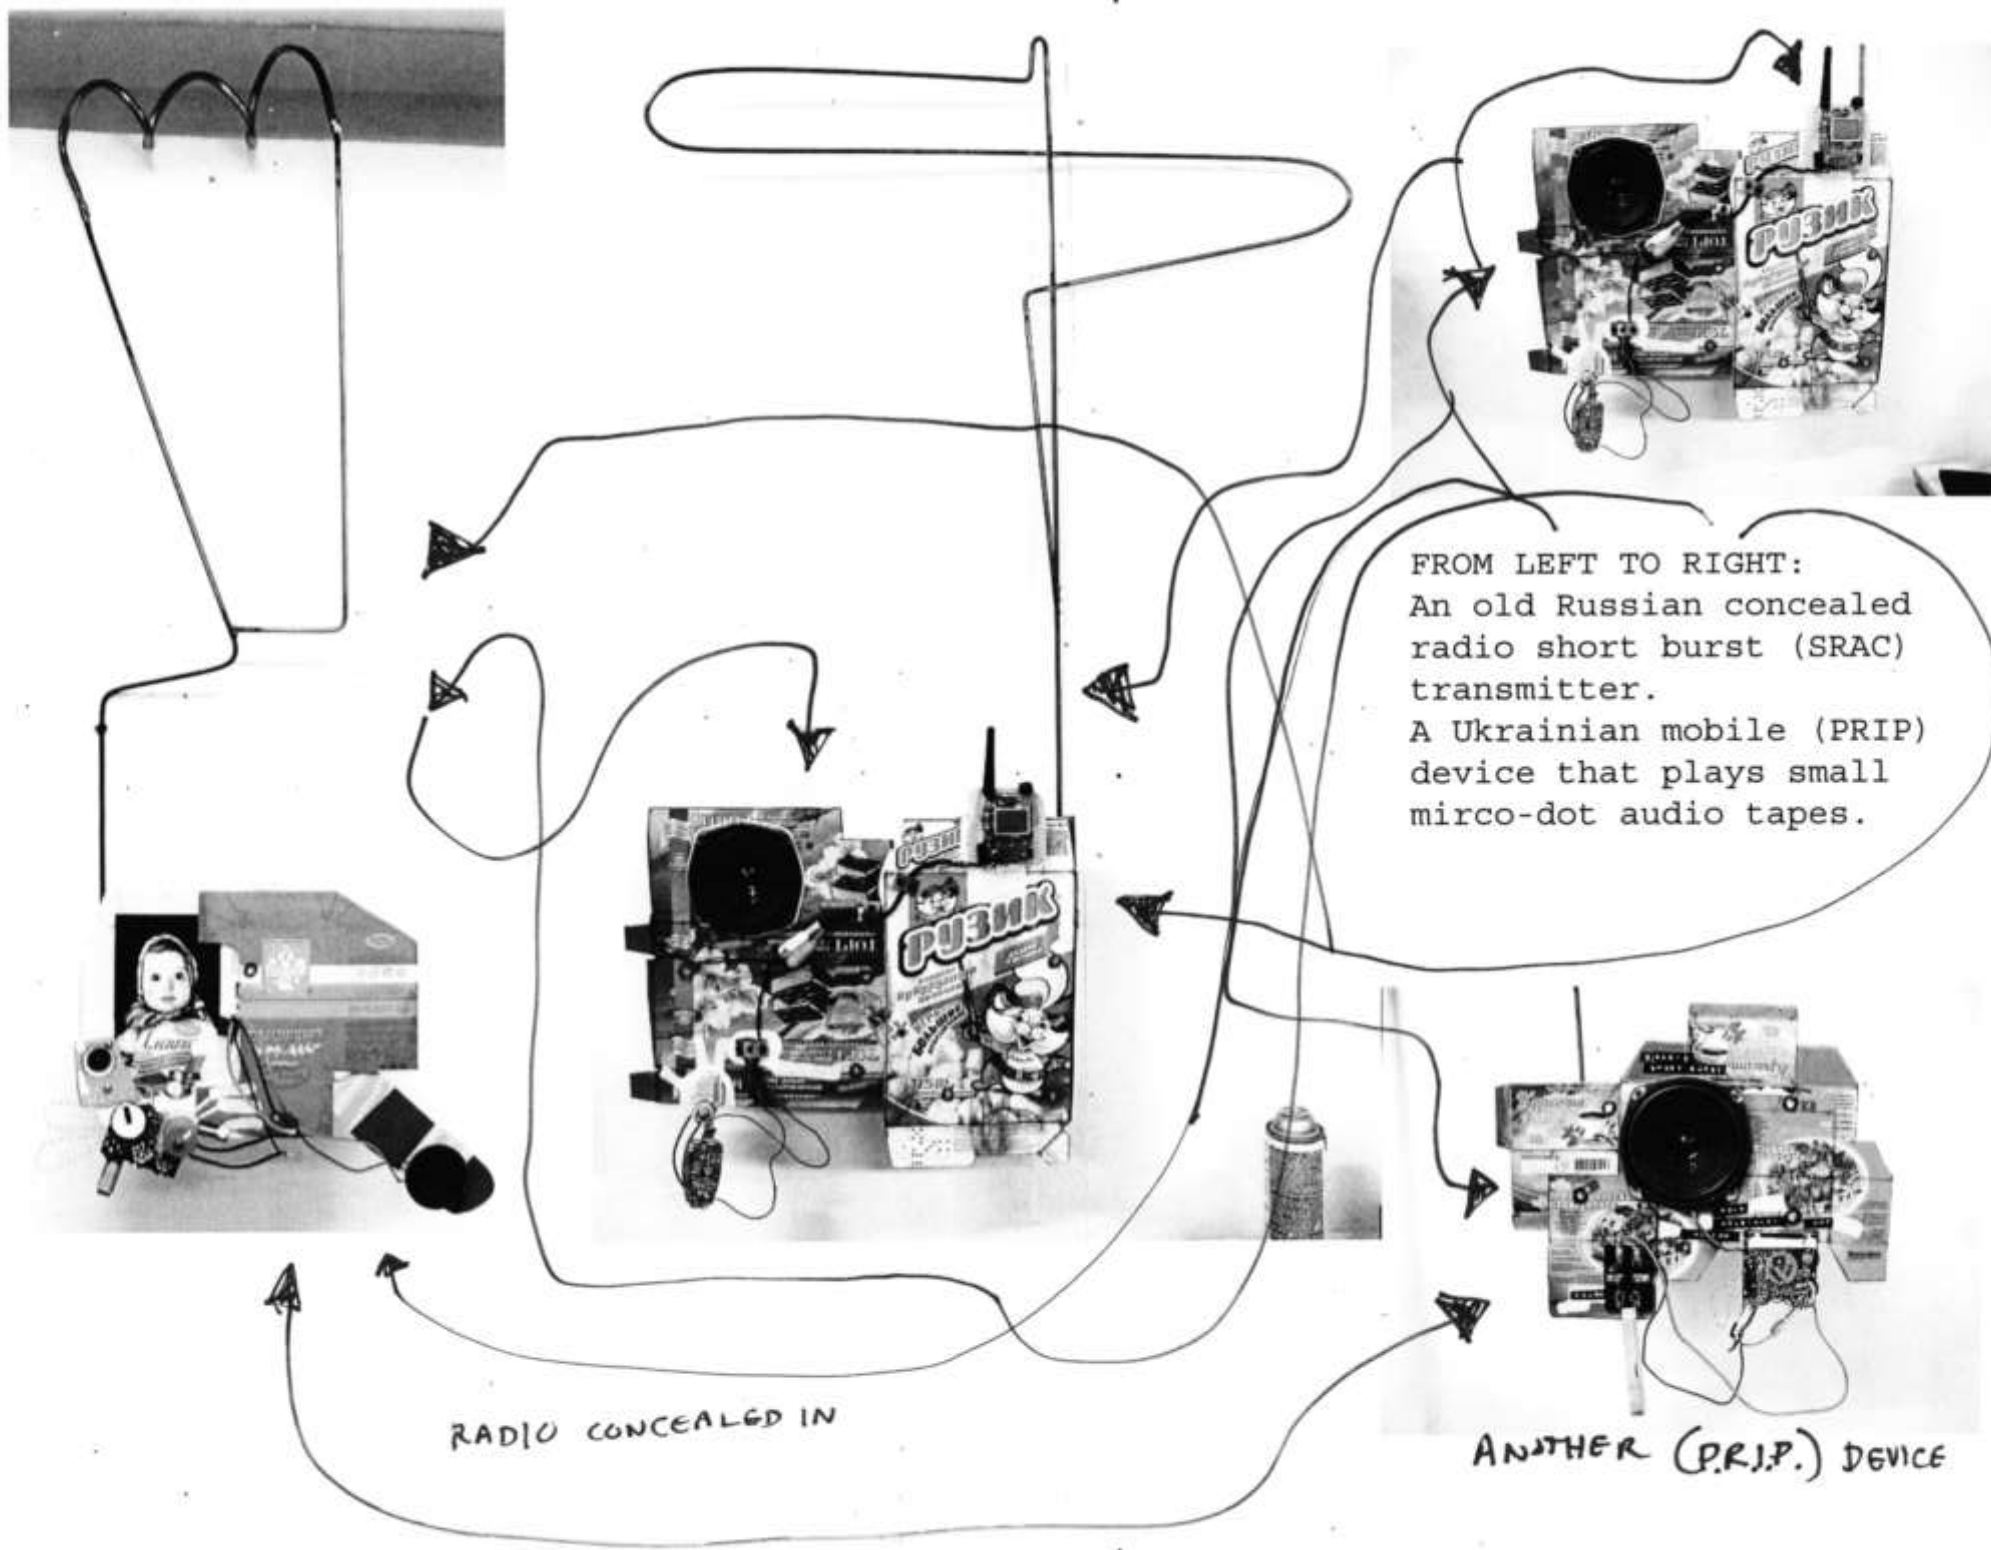

Meanwhile;

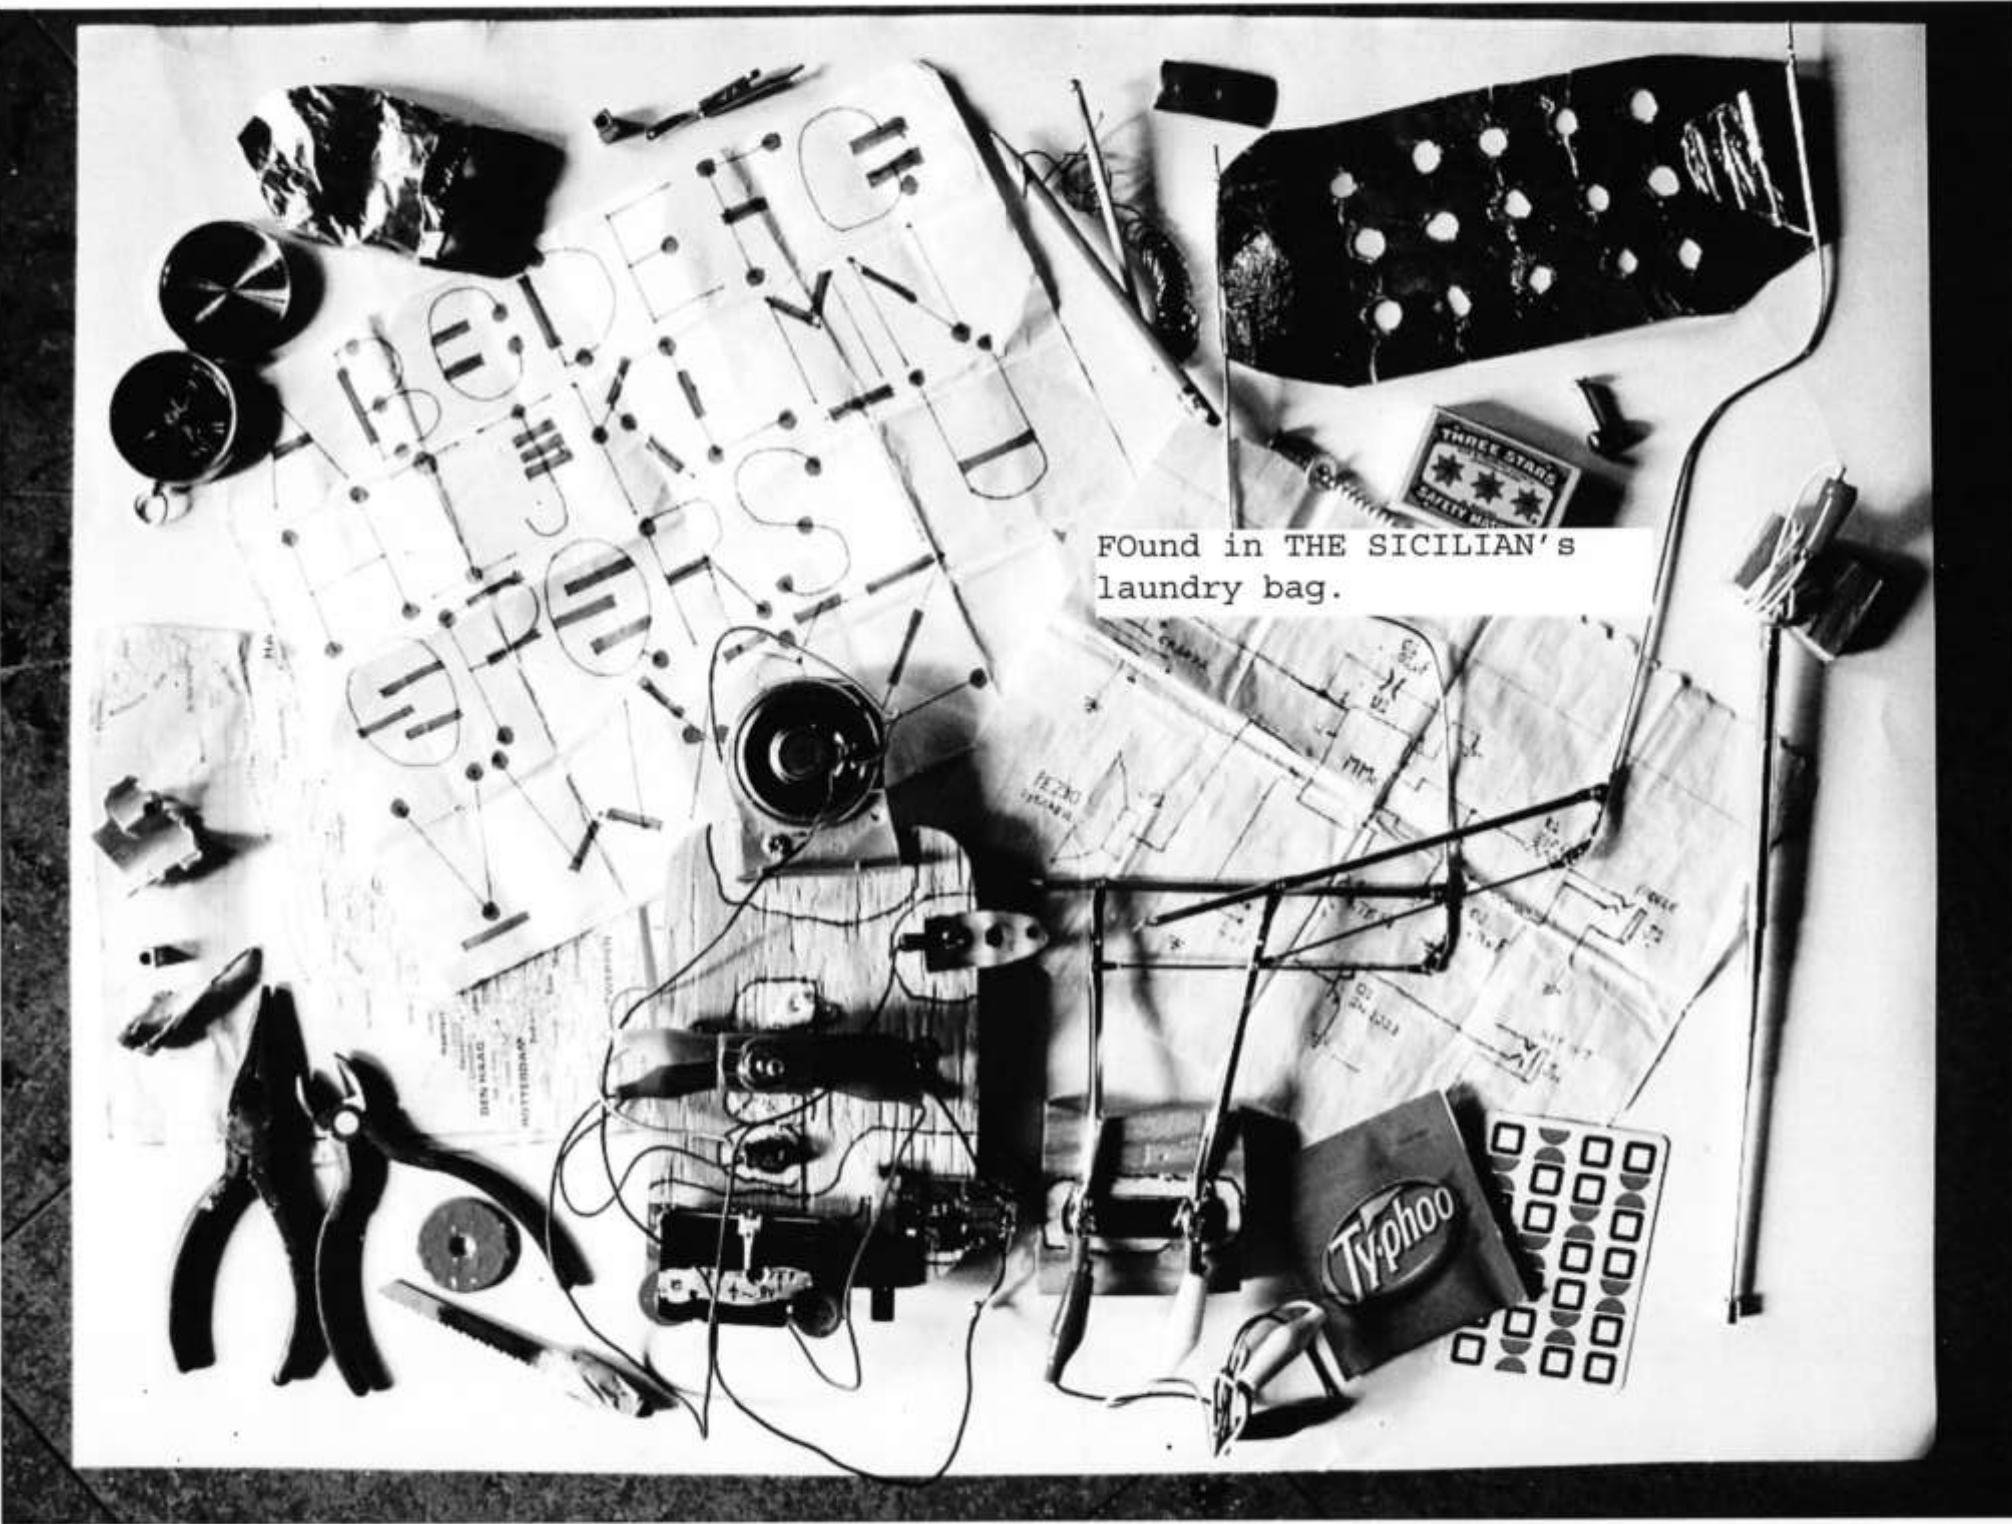

A lone radio operator stationed at a remote listening post in Oregon picked up a faint signal from an old concealed microphone hidden in an embroidered star on an American flag in the Swedish embassy. The conversation was heated and was recorded for analysis.

Oregon station.

← LONELY

Found in THE SICILIAN's
laundry bag.

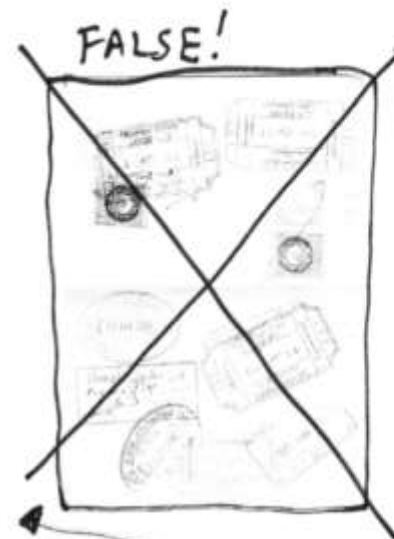

The photograph shows a collection of items laid out on a light-colored surface. In the upper left, there are two cylindrical objects, possibly batteries or capacitors. To their right is a dark, patterned fabric item. Below the cylinders is a large sheet of paper with a complex circuit diagram, featuring various electronic symbols and lines. In the center, there is a small electronic device with a circular component, possibly a speaker or a motor, and several wires connected to it. To the right of this device is a small box labeled 'THREE STARS SAFETY MATCHES'. Below the matches is a document with technical drawings and text, including the words 'DEN HAAG' and 'AUTOTRON'. In the lower left, there are a pair of pliers, a small circular object, and a saw. In the lower right, there is a box labeled 'Typhoo' and a small grid of squares, possibly a keyboard or a control panel. A long, thin metal rod or wire is also visible on the right side of the image.

Simultaneously in Los Angeles, South Brooklyn, Munich and somewhere in Croatia a set of partial signals were detected on the wire about a false passport report in Lisbon and a giant mobile covert communications set discovered disguised as a boulder left outside a Brownstone.

Munich
AUTO
WERKS

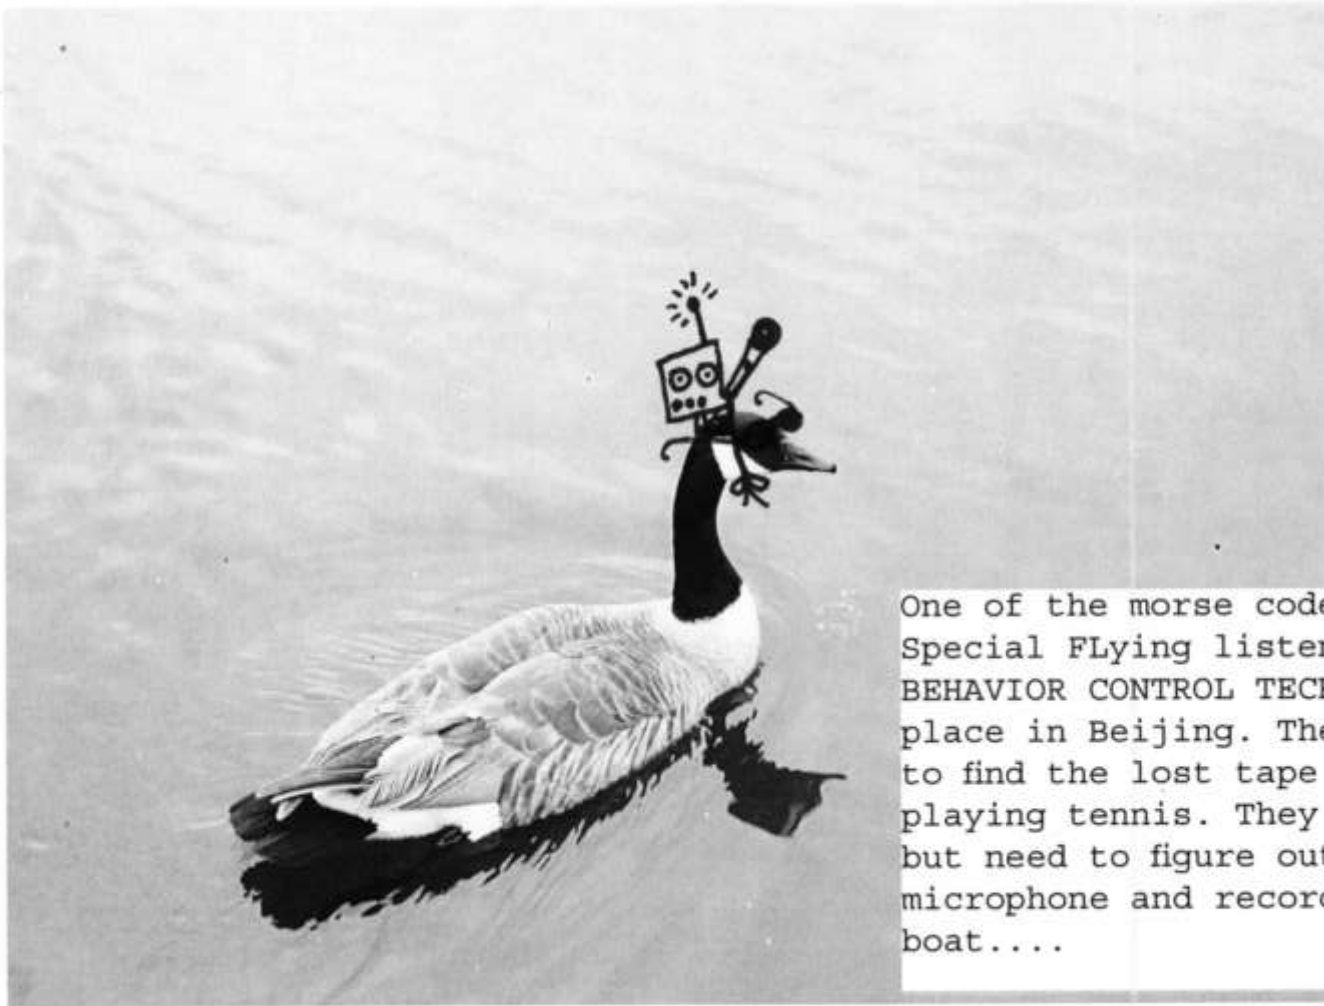

South Brooklyn

This is a special flying listening vehicle. It's capable of flying 600mph at 40,000 feet and detecting morse code transmissions from anywhere on the planet. The Pilots are trained in St. Louis MO. and they all have positive outlooks.

One of the morse code transmissions picked up by the Special FLYing listening vehicle tipped off the BEHAVIOR CONTROL TECHNICIAN about a meeting taking place in Beijing. The subject of the meeting is how to find the lost tape of the two CHINESE businessmen playing tennis. They know THE ALBATROSS has the tape but need to figure out how to convince a duck with a microphone and recorder to swim near THE ALBATROSS's boat....

Train

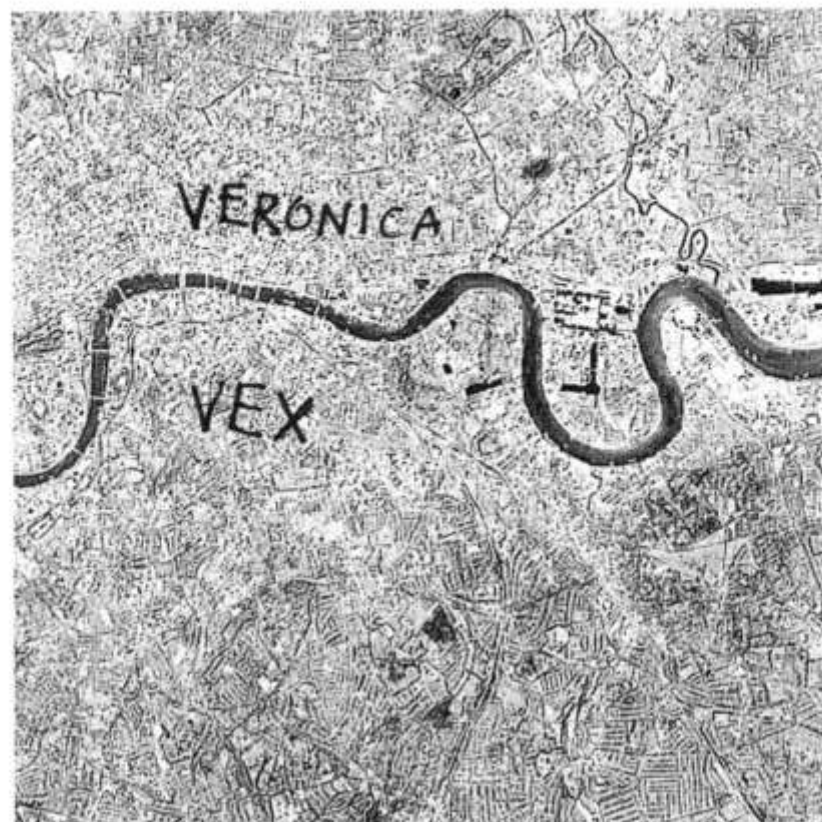

TRAIN

TRAIN (Express)

Boat of
THE ALBATROSS

While the BOBCAT was on the lamb she started leaving messages using a GPS device and sending "pips" every three seconds while walking in Hong Kong, London, Paris and New York. The messages can be seen using the proper equipment.

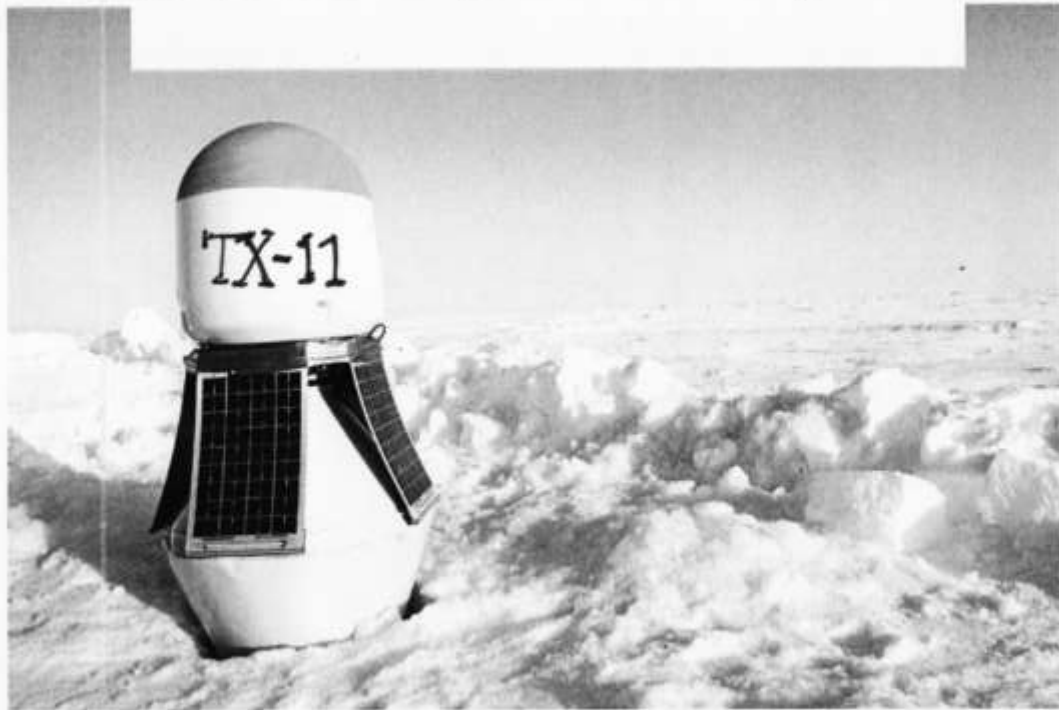

The GPS messages set off a sequence of wide ranging events...A delivery dog delivered a box
An urgent meeting was called in Taipei, a TX-11 beacon started sending signals which were detected by a mobile listening vehicle in ROME.

The meaning of these seemingly connected events is unclear but it's being analyzed in Budapest as fast as possible

ALL EARS

This remote listening post in the middle of Finland detected THE SICILIAN ordering a pizza which could signal the beginning of something really big.

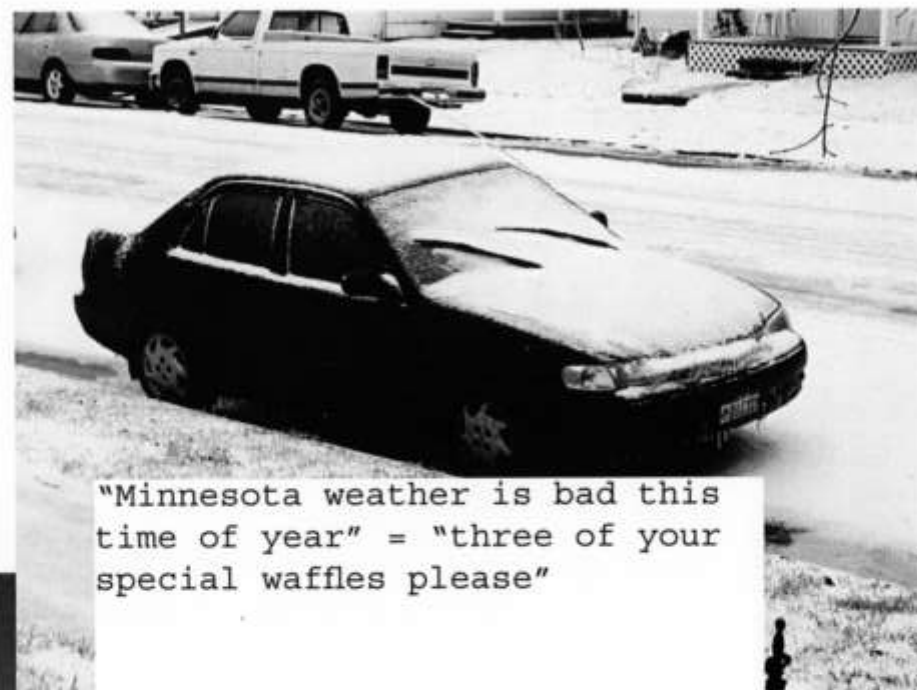

A large cargo helicopter was flown in just in case

This cow is actually a real cow but it does belong to THE SICILIAN.

The SICILIAN also has a remote listening post in the middle of nowhere so he knows about the helicopter...

"Minnesota weather is bad this time of year" = "three of your special waffles please"

In response THE SICILIAN activated two sleeper agents who were in the middle of getting married. They quickly performed the ceremony and rushed off to the airport where they flew in separate planes to Minnesota and San Diego respectively. Once in place they started sending out signals of their own about weather conditions which were actually coded transcripts for MR. BERNARD.

San Diego Express train

THIS TRAIN IS THE INTERCITY EXPRESS
BETWEEN LIVERPOOL AND MANCHESTER.

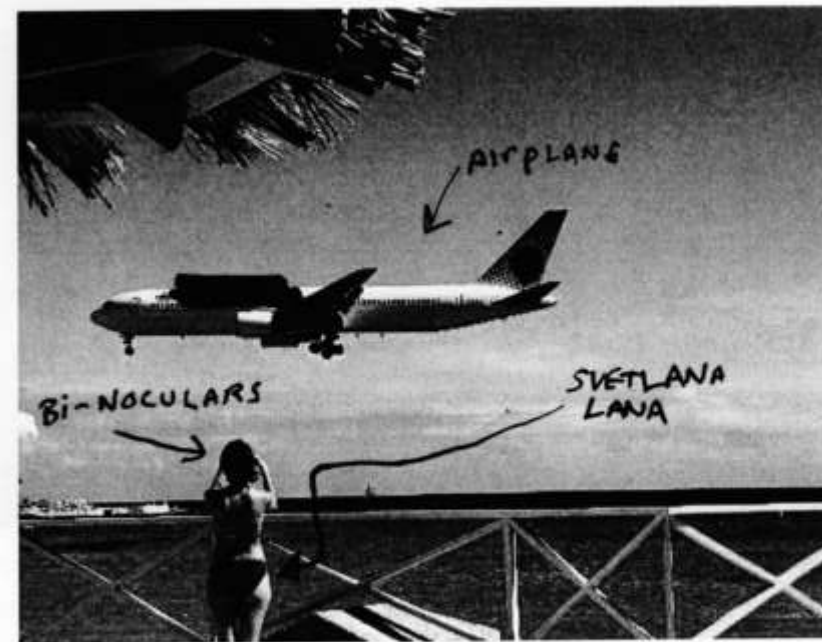

MR BERNARD finished his work and then traveled by train from Liverpool station to Manchurians airport where he boarded a flight to St. Maarten

MR BERNARD's flight was observed landing by Agent SVETLANA LANA who promptly data linked to a submarine off the coast. Attempts were made to notify the proper coordinated authorities but two (2) of them were in the middle of a ROTARY ceremony.

MR BERNARD took advantage of this oversight AND HE OBSCONDED VIA SUBMARINE TO AN

Miked up cows

A MEGA RPKY SONAR detector was turned on but it cause a minor blackout.

Attempts to locate MR BERNARD on the island of ST. MAARTEN proved fruitless. Several methods were used and all failed. The only faint "noises" detected of MR BERNARD's movements were the two cow kitted-out with powerful microphones.

deer

an unidentified couple riding on a motorcycle were sighted on Thursday but by Saturday they were ruled out as suspects.

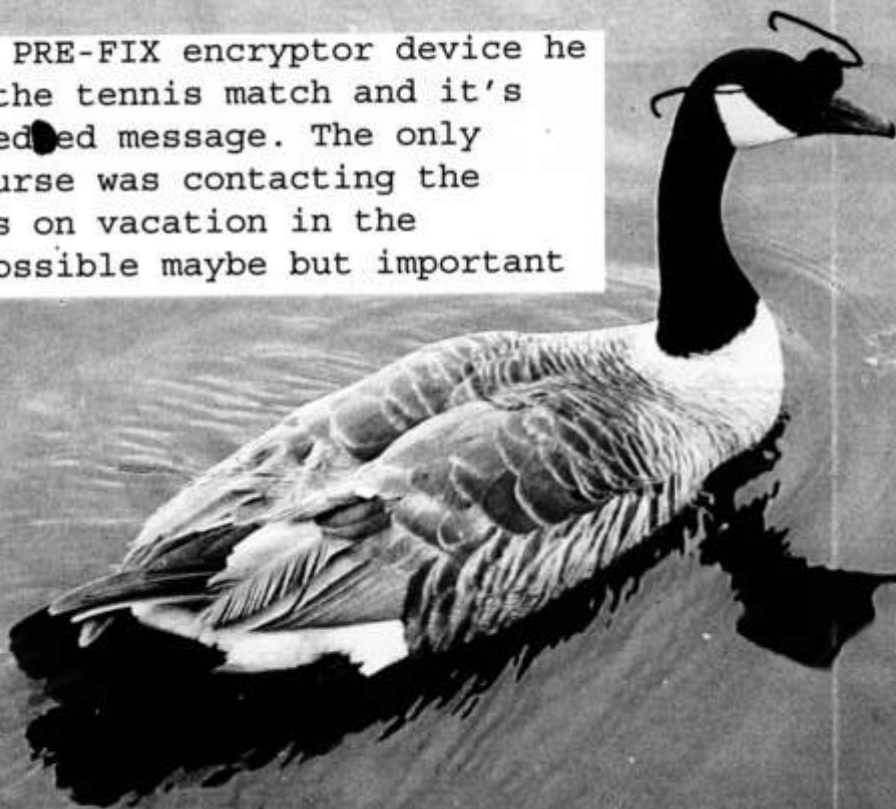

motorcycle sighting

Listening plane

Finally on Sunday mid-day the duck that was outfitted with a strong microphone [REDACTED] manoeuvre close enough to THE ALBATROSS's boat [REDACTED] and picked up a garbled conversation between MR. BERNARD and THE ALBATROSS. After some clever audio enhancement it was determined that MR BERNARD and THE ALBATROSS were arguing about how to crack the code of the tennis match caught on tape between the two [REDACTED]. At first it was thought to be a simple code based on the players footsteps, jumps and racket strokes but then MR BERNARD had a sudden brainstorm. IF he triangulated the location on the

TRANS-NODULAR PRE-FIX encryptor device he could "read" the tennis match and it's important embedded message. The only problem of course was contacting the BUDDHA who was on vacation in the KLOSTERS. Impossible maybe but important

First he tried a secure line but no one answered. Next he sent a top level envoy to the FARM and requested a SAT phone link directly to the HOTEL WALSERHOF....after 32 rings finally the BUDDHA's Russian assistant picked up. There was a terrible crash in the background, some hushed voices and a loud [REDACTED]. Eventually the BUDDHA came on the line. "WHAT! he yelled [REDACTED] upset that he was [REDACTED] on vacation. MR BERNARD quickly [REDACTED] trouble brewing and that it involved close friends, specifically the Chef de Cuisine.... THE BUDDHA was listening now...

SWISS AIR DENIED FLATLY
LENDING THE BUDDHA
THIS AIRCRAFT

THE BUDDHA pulled it together and took the first flight back to Chicago where he met MR BERNARD. They formulated a plan based on MR BERNARD's analysis of the Tennis match code.

One last committee was called to investigate the whole affair. After long deliberation and deep consultation they decided it was best for everyone involved to remain somewhat discreet and more or less only speak of the varied activities and related events in vague opaque tones.

The BOBCAT was called in to CHICAGO to send the FINAL^{GPS} signal to warn the Chef de Cuisine....

THE BUDDHA set sail back to Switzerland.....

At a seriously remote listening station in Greenland they detected a strong signal from Chicago....
