

In fact I don't believe there ever has been anything like her—*oh!* No mortal could support the horror of that countenance. Mind & feeling very clear—a mummy again enclued with animation could not be so hideous as that wretch. Spontaneous and uncannily beautiful—I had gazed on her while unfinished; she was ugly then, but when those muscles and joints were rendered capable of motion, it became a thing such as even Dante could not have conceived. Absolutely living every pulse beat.
