## PREFACE

This French artist, born in 1962 in a cultural and artistic town - Sarlat in the Dordogne, region has gone from learning all the technical aspects of sculpture to becoming one of the most famous and skillful artists of his time, finally expressing himself and his sensitivity through his creation.

His strong personality and his mastery of his talent have placed him among the most important figures of his generation and one of the leading artists in our gallery.

Present almost everywhere worldwide in many notable collections; particularly in the United States, Belgium, England, and Russia, he leads an international career while remaining true to the quality of the realization of his bronze sculptures.

Jacques-Philippe Walper, the late curator of E. M Sandoz Foundation, dedicated a beautiful tribute to the artist on his solo exhibition.

I will be more than happy to pay homage to both of them by reading the text written for this occasion.

“ Daniel Daviau's animals are curious, peaceful food-lovers, slightly mocking, animals seen often in childhood dreams, smelling of the perfume of far-away if not forgotten lands. They look at you, unafraid, confident in their enduring nature, and each stands its ground according to its character or reputation. Their outlines are strong, clear and stark of any superfluous ornament. Young French Sculptor Daniel Daviau has defined such a personal and unique approach to the creatures of his planet that already one can recognize those belonging to 'The Daviau's line'. ” (Jacques-Philippe Wapler)

Daniel Daviau's desire in taking particular interest in certain endangered species like lemurs not only demonstrates his concerns for his own era, but also highlights his great sensitivity to the world. Following the word of Jacques-Philippe Wapler, it is necessary to emphasize the exceptional originality of his sculptures. There is a Daviau “style” which is with no doubt the hallmark of a renowned artist recognized as such by the sculptors of his generation as well as by the numerous Amateurs who collect his work.

His talent has, today, reached a maturity that renders his works even more extraordinary in a perfect balance of fineness and strength.

## 前言

繼2006年在巴黎的大型展覽之後，Daniel Daviau的作品中又增加了多件令人矚目的雕塑，其中包括盧特夫婦（le couple de Loutres），驚人的奧何尼多漢克（l'étonnant Ornithorynque），河馬（l'Hippopotame）以及一座精美的中型公爵（Moyen Duc）雕塑。

不僅如此，Daniel Daviau是本畫廊在世界範圍內銷售作品最多的兩位畫家之一。

伴隨著大型雕塑的創作，Daniel Daviau的創作生涯實現了一次突破，他的作品Maki和Lému-rien也預示了這一新的階段的開始。

作品犀牛是這一突破中最令人嘆為觀止的成果，並為其他精美的作品開闢了道路。這些作品的高度將在1.5米到3米之間，甚至更高。他已經完成了一座長頸鹿雕塑，另外還有一只野兔和一頭大型河馬正在鑄造廠等待出爐。

Daniel Daviau自其藝術家生涯伊始就預示著未來的成功，這些年的創作生涯和作品將這一預言變為現實。

儘管子身一人進行創作，Daniel Daviau仍受到同行的愛戴和尊敬，這使他成為一名不同尋常的藝術家。未來將會賦予他應有的地位與名譽。

由於眾多喜歡他作品的人和收藏家的追捧，Daniel Daviau今後將名聲鵲起，也會更加頻繁地出現在所有以動物為主體的大型展覽中。

### EDITIONS

The bronze sculptures of Daniel DAVIAU are published exclusively from the Original Edition to a set of eight numbered limited editions and four numbered editions approved by the artist. The grand sculptures are published in a set of six limited editions. Each set of editions is exclusively produced by the specified foundry, including the de la Plaine foundry, the Rosini foundry and the Susse foundry. There is no doubt towards the quality of the artworks by these foundries. Moreover, the artist always pays attention and controls the patina by himself from the first edition. Every editionweibo has different patina, which allows the “individualization”.

### COLLECTIONS

The constant anxiety towards the quality of every edition has enabled our gallery to retain numerous collectors of the artworks of Daniel DAVIAU, not only in France, but also in Britain, Australia, Belgium, Germany, Canada, Hong Kong, Switzerland, Japan, Russia, Venezuela, the United-States and China. Many of those collectors have already pleasantly donated several pieces from their collections to the Museums or the Foundations (Washington, Paris, Brussels).
