تو انتخاب نمی کنی، فقط زاده می شوی، بی هیچ سوآلی. رها شده در میان انبوه آدم های سرگشته روزمرگی تلخ هستی خویش.

جبر آفرینش تو را به ناکجای طبیعت از دست رفته می کشاند و تنها می گذارد. من کیم و کجای این هستی ایستاده ام؟
با سوآلی پیاپی، بی هویت و بلا تکلیف در سرنوشتی معلق میان آسمان و زمین.

آدم ها، آدم ها، آدم ها...
با کوله باری از خاطرات خمپاره خورده در کنار قهرمانانی که ساخته و نابود می شوند، زندگی را تا سرحد جنون به پیش می برند. جنون زندگی، تاریخ را رقم می زند.

پرواز کن ... بنگ، بنگ...
بادکنکی به آسمان رفت، آرام و سبک.

هدی کاشی ها، بهمن ۱۳۹۱

You do not choose to be born, you are simply born, with no questions, unbound among a bunch of people confused in their own bitter daily routine and existence.

Universe fatalism takes you to unknown part of the world with nature merely indifferent and leaves you with an unreasonable absurdity: who am I and where do I stand in this universe?

Destiny is suspended between sky and land and we have nothing but many questions while we wander anonymous in foreign lands.

People, people, people...

Loaded with bombed memories next to heroes, which get created and get destroyed, Lead their life to the end of madness; madness of living which adds a story to a story to make history.

Fly ... bang; bang...

A balloon went through the sky, quiet and light.
